HINTS FOR FARMERS
Products of a Spanish Merino.
Some years ago James A. Belknap, a prominent citizen of Yates county, N. Y., bought seven Merino ewes from a Vermont dealer for \$700. From one of these ewes a buck lamb was produced which at one year's growth sheared fifty-three pounds, and the same year a ewe was taken from him weighing twelve pounds. The second year the animal weighed eighty pounds, and a ewe was sheared from him weighing eighteen pounds. The third year the animal weighed 104 pounds, and he sheared thirty pounds. The wool was fully two and a half inches long and was very white and fine. At each time he was sheared by the same man, Mr. Loren Thomas, at three successive sheep shearing contests on the grounds of the Yates County Agricultural society at Penn Yan, and the buck referred to surpassed all other sheep of equal age on each occasion.—Stockman and Farmer.

Handling Live Stock.
The live stock shippers of the country have reason to expect better railroad service as methods of transportation improve, but for several years progress has been in the other direction. Vexatious delays of live stock trains have cost the shippers an enormous amount of money in the past three years. Live stock is a perishable product. It must be moved with reasonable celerity or loss will result. Yet many a shipper has had to see his stock suffering and shrinking on a siding while trains loaded with non-perishable products steamed past. That transportation companies are meeting with great difficulty in handling their enormous business with dispatch is evident, but that they are fully awake to the importance of prompt movement of live stock is doubtful.

The Value of Wool.
The accurate value of wool cannot be ascertained unless it be sorted and scoured. Then and then only is it reduced by a mechanical and mathematical process to a basis of exact value. There is no waste in sorting and scouring wool; it is all worked into its proper place, each sort or grade found in each fleece is sold separately upon its merit, and the best wool brings the highest price. This is one reason why the mill buyer prefers buying his wool already sorted and scoured. He then knows just what he is getting without any doubt as to shrinkage and development. He can buy his wool on the same basis and with the same confidence that the weaver buys his yarn or the tailor his cloth.

Best Time to Fatten.
The best temperature for fattening any animal is when the thermometer ranges from 55 to 70 degrees, or is outside of those points but a little while at a time. They seem to have a better appetite than when it is warmer, and there is not as much of the food required to keep up the heat of the system as when it is colder. The green food, if properly used, aids digestion, and a shrewd farmer should fatten cows, sheep or swine at this season, so that he would feel that he had made a profit even on the cow beef that sells at a low price. Especially should this be the case with such cows as are unprofitable because they put their food into beef instead of milk.—American Cultivator.

Getting Rid of Plant Lice.
To kill plant lice on trees dissolve one pound of white oil soap in eight to ten gallons of water. This can be sprayed without injuring the foliage. Care should be taken that it reaches the insects, otherwise it will not affect them. The spray is one that kills by contact and must therefore reach the bodies of the insects direct. A pound of tobacco dust, the stems steeped and boiled in water for one hour and diluted with four gallons of water, will also destroy plant lice.

British Corn Imports.
The "Corn Trade Year Book," just published in London, estimates that in consequence of the unfavorable summer of 1903 only 3,500,000 quarters of British wheat will reach the mills, making it necessary to import 27,000,000 quarters of foreign and colonial wheat. Ten years ago Britain took 70 per cent of her grain from the United States. In 1903 she took only about 40 per cent, Argentina and Russia taking the place of the United States.

A Cure for Piles.
"I had a bad case of piles," says G. F. Carter of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by Moore & Ballew.

NATURE'S OWN CURE.
Hyomei Cures Catarrh Without
Dangerous Drugging of the
Stomach.
Not until Hyomei was discovered has it been possible to truthfully say that a remedy for catarrh was known. This remedy is breathed through the Hyomei inhaler for a few minutes four times a day, and during that time every particle of air taken into the air passages and lungs is impregnated with the germ killing and health giving Hyomei. It is the only treatment that cures catarrh.
Stomach drugging often causes disordered digestion or brings on some other diseases and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the germs in the blood. It frees the mucous membrane from poisonous microbes and gives perfect health.
A complete outfit costs but \$1.00, and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.
Bratton Drug Co. have so much faith in the merit of Hyomei that they agree to return the money to any purchaser who may be dissatisfied.

Folk Doesn't Want It
St. Louis, Mo., May 23.—In commenting on the Presidential boom started for him in Ohio by Tom L. Johnson and his friends, Circuit Attorney Folk tonight made this statement:
"As I said some weeks ago, I am under a solemn obligation to the people of Missouri; this obligation is so definite that I can not honorably for one moment consider the nomination or even the suggestion of the nomination for any other office than that of Governor of Missouri, for which high place the rank and file of the people in my party have so generously indorsed me."

PAVEMENT NOTES.
Take no more medicine but try Osteopathy for your aches and pains, and continue your routine work while under treatment.
Why will you continue to suffer when Osteopathy offers you relief, even when all else may have failed?
Osteopathy can produce examples in Palestine and out as well who have been cured when every other known therapy had failed them. Perhaps so with you.
See those Golden Oak Machines just received at the Singer Store.
Why will you longer refuse to investigate Osteopathy? Is it because it is new? If so that is the main reason you should try it.
Warm spring days produce a feeling of drowsiness if the body is loaded with the impurities of winter diet. Cleanse the blood, liver and bowels with Prickly Ash Bitters. It creates energy and cheerfulness.
Old machines exchanged. See us at the Singer Store.
After experimenting with medicine for from 1 to 20 years, why hesitate to give Osteopathy a trial. It may be able to cure you in from 1 to 3 months.
Call on Dr. Speegle, the Osteopath, over Jordan's Hardware store, for either acute or chronic conditions.
Impurities in the blood produced by digestive disorders must be driven out before hot weather sets in, otherwise sickness will appear at a time when a strong vigorous body is most needed. Prickly Ash Bitters will expel all impurities and put the system in perfect order.
Constipation is the cause for many of your ailments. Why not be cured of that by Osteopathy. One to three months will cure any case.
Singer Sewing Machines for cash and sold on installment.
We are headquarters for the best machine on earth. Singer at the Singer Store, 404 Main street.
The Herald will furnish any candidate a good half tone likeness, from photograph, for \$1.00. Suitable for printing on cards, etc.
Fifty years ago you were ready to condemn the idea of electrical power for propelling, nevertheless it has proven its efficiency. So will Osteopathy prove its efficiency if you will only lay by your biasism and give it a fair trial.
Osteopathy is very successful in treating measles, pneumonia and other kindred affections.
When it's health you are searching for, go to Andrew A. Speegle, the Osteopath, over Jordan's Hardware store, and you will surely be pleased with results.
Call 734, Cooke & McIntyre, if you want first-class groceries. 130-14
"What's in a name?" The word "bitters" does not always indicate something harsh or disagreeable. Prickly Ash Bitters is a proof of this. It cleanses, strengthens and regulates the system thoroughly, yet it is so pleasant the most delicate stomach will not object to it.

Cured After Suffering Ten Years.
B. F. Hare, Supt. Miami Cycle and Mfg. Co. Middletown, O. suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by all druggists.

GUARD HEALTH
Every woman should see that the periodical function is kept in a healthy condition. The way is to take an occasional dose of Wine of Cardui.
Every woman is subject to conditions which bring on female weakness. Wine of Cardui gives women strength for all the duties of life. It gives them strong nerves and freedom from pains.
Wine of Cardui not only cures but guards the health. The organs quickly respond to the healing vegetable ingredients of which Wine of Cardui is composed. A healthy woman does well to take this medicine on approaching her periodical sickness. Wine of Cardui cures the worst cases of prolonged female troubles and has cured thousands of them quickly and completely in the privacy of home.
CHICORA, Miss., May 1, 1902.
Wine of Cardui and Theodor's Black-Dranght is a sure cure for all female diseases. I recommend it to all my friends everywhere I go. Five months ago I could not walk across the house without great pain but I am well again. I have only taken four bottles of Wine of Cardui but feel better than I have felt in two years.
MRS. N. T. GLIDEWELL.

DON'T TRY IT.
Don't try to iron those lace curtains at home. You'll only make yourself a great deal of trouble and they won't look good when you're done. Give them to us—we know how to launder them—know because we've studied and thought over it.
Let us use our knowledge on your curtains
